SAFETY & SECURITY TERMS AND CONDITIONS

All emergencies, safety concerns and suspicious activity should be reported immediately to the Indiana State Fair Joint Operations Center at (317) 927-7520.

Prohibited Items

- No alcoholic beverages may be sold or purchased, brought on, or consumed on the Fairgrounds during the annual Indiana State Fair.
- No person in possession of a deadly weapon shall be permitted onto or be permitted to remain on the Fairgrounds during the Indiana State Fair. Any person properly licensed to carry a firearm must secure the firearm in a locked compartment of his/her vehicle and it shall not be visible to passersby (Indiana Administrative Code, Title 80, Section 4-4-4).

Animal Policies & Procedures

- The ONLY animals permitted on the Fairgrounds during the Indiana State Fair are: animals registered, boarded or entered for exhibition, show or other competition; animals that will be used in a scheduled performance or to perform work at the Fair; law enforcement animals and service animals. Household and family pets, whether domestic or wild, and service animals not recognized by the Americans with Disabilities Act (ADA) Section 36.104 are not permitted on the Fairgrounds during the Indiana State Fair. No person in possession of or having control over an unauthorized animal shall be permitted onto or be permitted to remain on the Fairgrounds (Indiana Administrative Code, Title 80, Section 4-4-5).
- Animals entered for exhibition, show or competition and animals scheduled to perform must remain in approved areas at all times. See individual department terms and conditions for specific information.

General Safety Policies & Procedures

- Smoking is not permitted inside barns and buildings. Smoking is only permitted in designated areas on the Fairgrounds.
- Cameras are located throughout the Fairgrounds for security and promotional purposes.
- Motorized vehicles, including golf cars, are not permitted in any barns or buildings. This does not apply to personal mobility devices.
- Electric and gas-powered generators are not permitted on the Fairgrounds.
- Fans are permitted, so long as they have proper safety-approved shrouds. See individual department requirements pertaining to size, allowable number, and placement of fans.
- Tents and other temporary structures are not permitted to be erected inside or outside barns and buildings without permission of the Indiana State Fair. This includes pop-up tents and tarps located in or adjacent to livestock barns.

Food Preparation/Cooking Policies & Procedures

Cooking inside and adjacent to barns and buildings should be kept to a minimum. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

- Cooking devices that use open flames, including charcoal and gas grills, exposed heating elements and non-electric power/fuel sources are **NOT** permitted inside or outside barns or buildings.
- Approved cooking devices are limited to crockpots, or similar slow cookers, and microwave ovens. Cooking devices **MUST** have a cover approved for use with the device and comply with all applicable electrical and fire codes. Cooking devices are also required to be powered by approved cords that are not frayed or malfunctioning in any way.

Exhibitors cooking in the barns and buildings do so at their own risk and assume all liability for their actions concerning food contamination from pathogens that may be present in or near livestock areas.

Fire Safety

- The Indiana State Fire Marshal's Office conducts regular inspections of all barns and buildings during the Indiana State Fair to identify any potential fire hazards or threats to life safety. The decisions of the fire marshal are final and will be enforced.
- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.
- Most buildings and barns are equipped with fire alarm and/or fire suppression systems. In the event of a fire, these systems should be activated.
- Emergency exits are clearly marked in all barns and buildings. In the event of an emergency, calmly evacuate through the nearest accessible emergency exit.

Severe Weather

- In the event of severe weather impacting the Fairgrounds, be it a severe thunderstorm or tornado, you will receive instructions over the barn or building public address system. If the barn or building is not equipped with a public address system, State Fair staff will notify people in person.
- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff will be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas. Exhibitors should be mindful of this and tend to their animals accordingly.

All exhibitors must be familiar with and abide by the terms and conditions of the Indiana State Fair. Failure to do so may result in loss of the privilege to exhibit at the State Fair and/or ejection from the Fairgrounds.

Animal Wellness & Care

The Animal Wellness & Care Committee (WellCare) was established to reinforce the Indiana State Fair's strong value and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The WellCare is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many of these diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are required to comply with it.

**All exhibitors must be familiar with and abide by the terms and conditions of the Indiana State Fair.
Failure to do so may result in loss of the privilege to exhibit at the State Fair and/or ejection from the Fairgrounds.**

The Indiana State Fair Board is committed to providing opportunities for all participants to show their animals as part of the State Fair. The Board also wants to ensure the integrity of its competitions as is evidenced by the various terms and conditions set forth in this Premium Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the strict penalties associated with positive results. By signing your entry form or forms, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Please call the Indiana State Board of Animal Health at 1-877-747-3038 with questions concerning animal health requirements.

A. Limitations on Exhibition

This section describes limitations on exhibiting animals in Indiana. There may be other exhibition limitations that are described in the specific species requirements.
